

# CALL FOR PAPERS

2024 International Joint Conference on Civil and Marine Engineering

November 1-3, 2024 | Dalian, China

## Overview

2024 International Joint Conference on Civil and Marine Engineering (JCCME 2024) organized by Dalian University of Technology and Dalian Maritime University, which aims to bring together scholars, managers, researchers and students of Civil and Marine Engineering related areas and industries for intellectual exchanges, research cooperation, education and professional development. JCCME 2024 will offer keynote speeches and several research topics, for inviting presentations of theoretical research findings and case study in Civil and Marine Engineering and its related fields, and also offers excellent networking opportunities to participants, with a wonderful taste of local culture and scenery in Dalian, China on November 1-3, 2024.

## Keynote Speakers

<b>Dezhi Ning</b> Dalian University of Technology, China	<b>Yongjun Gong</b> Dalian Maritime University, China
<b>Zaijin You</b> Ludong University, China	<b>Shixiao Fu</b> Shanghai Jiao Tong University, China
<b>Menglan Duan</b> China University of Petroleum (East China), China	<b>Sa Young Hong</b> Korea Research Institute of Ships and Ocean Engineering, Korea
<b>Scott Draper</b> University of Western Australia, Australia	<b>Jun hang</b> University of Bath, UK

## Conference Chairs

<b>Bin Teng</b> Dalian University of Technology, China	<b>Paulo Mendonça</b> University of Minho (EAUM), Portugal
---	---

## Conference Co-Chair

<b>Jun Hu</b> Hainan University, China	<b>Hao Tian</b> Dalian Maritime University, China
---	--

## Program Chair

## Advisory Committee

<b>Dashnor HOXHA</b> Polytech'Orléans, Laboratory PRISME, France
<b>Dimitrios K. Savvidis</b> Independent expert, Belgium

**Hui Tong Chua**  
The University of Western Australia, Australia

**Wen-Feng Lin**  
Loughborough University, U.K

## Program Committee

<b>Tao Wang</b> ——Zhejiang University, China
<b>Peng Zhang</b> ——Dalian Maritime University, China
<b>Zhenju Chuang</b> ——Dalian Maritime University, China
<b>Guoqian Chen</b> ——Peking University, China
<b>Marquez-Barja</b> ——Trinity College Dublin (TCD), Ireland
<b>Nicola Epicoco</b> ——Politecnico Di Bari, Italy
<b>Hj. Ramli Nazir</b> ——Universiti Teknologi Malaysia, Malaysia
<b>Ali Tolooiyan</b> ——University of Tasmania, Australia
<b>David Vázquez Bermúdez</b> ——Universitat Autònoma de Barcelona, Spain

Topics of interest include, but are not limited to:

1. Mechatronic components and systems under ocean or subsea environment
2. Fluid-structure interactions
3. Intelligent maritime structures
4. Maritime rescue and salvage technologies
5. Ocean energy extraction
6. Maritime sensor and sensing technologies
7. Maritime related strategy and planning
8. Polar region technologies

### Registration

Early Birds (May 22)

Student  
450 USD

Nonmember  
500 USD

### Publication

All accepted and presented papers will be published in digital conference proceeding, which will send to be reviewed and indexed by major citation databases such as EI Compendex, Scopus, CPCI, Google Scholar etc. Selected papers will be considered for submission in journal after significant extension.

Full Paper Submission: July 5, 2024

Online submission: [www.jccme.org](http://www.jccme.org)
