

2025 4th International Joint Conference on
Civil and Marine Engineering

JCCME 2025

2025年第四届土木与海洋工程国际会议

October 8-10, 2025 | Qingdao, China

Overview

Welcome to the 2025 4th International Joint Conference on Civil and Marine Engineering (JCCME 2025), which will be held in Qingdao, China on October 8-10, 2025. The conference is organized by Harbin Engineering University. JCCME combines Academia with Industry to adapt scientific achievements into practical applications in the field of Civil and Marine Engineering.

We, the organizers, are very excited to greet you. JCCME 2025 will promote the relevant engineering research and applications in a vast range of topics, including port and coastal engineering, offshore engineering, fluid-structure interactions, intelligent maritime structures, maritime rescue and salvage technologies, ocean energy extraction, maritime sensor and sensing technologies, mechatronic components and systems under ocean or subsea environment, maritime related strategy and planning, and polar region technologies.

Conference Organizers

Organizer: Harbin Engineering University

Local Organizers: Qingdao Innovation and Development Base, Harbin Engineering University College of Shipbuilding Engineering, Harbin Engineering University

Co-organizers: University of Lisbon University of Indonesia Ocean University of China China University of Petroleum

International Joint Laboratory of Naval Architecture and Offshore Technology

International Joint Research Center of Ship and Ocean Engineering Mechanics

Sino-Russian Belt and Road Joint Laboratory on Polar Technology and Equipment

National Key Laboratory of Hydrodynamics

MIIT Key Laboratory of Underwater Propulsion Technology

Journal of Marine Science and Application

Call for Papers

Click [here](#) for more information.

Topics of interest for submission include, but are not limited to:

1. Maritime Sensor and Sensing Technologies

- Sensors
- Actuators and Networks
- Instrumentation and Control
- Pattern Recognition and Image Processing
- Structural Liability
- Durability and Health Monitoring

2. Coastal and Offshore Mechanics

- Aerodynamics
- Breakwaters and Coastal Protection
- Computational Fluid Dynamics
- Fluid-structure interactions
- Vortex Shedding & VIV
- Hydroelasticity
- Structural Mechanics
- Earthquake Engineering
- Wave Loads

3. Maritime Related Strategy and Planning

- Intelligent Maritime Structures
- Maritime rescue and salvage technologies
- Ocean energy extraction
- Polar region technologies
- Extreme Event Analyses
- Marine and Coastal Hazards
- Municipal Engineering

Publication

Registered and presented full papers will be included in the JCCME 2025 digital conference proceedings and published in the **IET Conference Proceedings**, and submitted to major citation databases (including, but not limited to Ei Compendex and Scopus) for review and indexing.

Accepted and selected extended papers can be recommended to publish in the following journal: "[International Journal of Vehicle Systems Modelling and Testing](#)" (ISSN: 1745-6444).

Key Dates

Registration Due: October 1, 2025

Final Paper Acceptance Due: October 1, 2025

Main Conference: October 8-10, 2025

Submission

Online submission system

Plenary Speakers

Decheng Wan
Shanghai Jiao Tong
University, China

Aman Zhang
Harbin Engineering
University, China

Erkan Oterkus
University of Strathclyde,
UK

Chien Ming Wang
The University of
Queensland, Australia

Committee

International Advisory Committee

Aman Zhang, Harbin Engineering University, China
Atila Incecik, University of Strathclyde, UK
Baoping Cai, China University of Petroleum, China
Baoyu Ni, Harbin Engineering University, China
Bin Teng, Ludong University, China
Binzhen Zhou, South China University of Technology, China
Chien-Ming Wang, University of Queensland, Australia
Decheng Wan, Shanghai Jiao Tong University, China
Dezhi Ning, Dalian University of Technology, China
Dong Ho Park, Hallym University, South Korea
Guanghua He, Harbin Institute of Technology (Weihai), China
Guiyong Zhang, Dalian University of Technology, China
He Li, Liverpool John Moores University, UK
Hongdong Wang, Shanghai Jiao Tong University, China
Huidong Zhang, Ocean University of China, China
Hui Liang, Technology Centre for Offshore and Marine, Singapore (TCOMS), Singapore
Jose Luis Mantari, National University of Engineering, Peru
Kun Liu, Jiangsu University of Science and Technology, China
Miguel Hinostroza, Norwegian University Science and Technology, Norway
Rui Deng, Sun Yat-sen University, China
Tanyun Li, Huazhong University of Science and Technology, China
Xianzhong Wang, Wuhan University of Technology, China
Yuanhang Hou, Dalian Maritime University, China
Zhiming Yuan, University of Strathclyde, UK

Conference Chairs

Carlos Guedes Soares, University of Lisbon, Portugal
Duanfeng Han, Harbin Engineering University, China

Program Chairs

Peng Li, Harbin Engineering University, China
Hao Tian, Dalian Maritime University, China

Publication Chair

Hongyang Ma, Harbin Engineering University, China

Publicity Chair

Chao Wang, Harbin Engineering University, China

Finance Chair

Yaping Shi, Harbin Engineering University, China

Local Chair

Xueqian Zhou, Harbin Engineering University, China

Program Committee

Xuanlie Zhao, Harbin Engineering University, China
Shiping Wang, Harbin Engineering University, China
Shuai Li, Harbin Engineering University, China
Huilong Ren, Harbin Engineering University, China
Hongde Qin, Harbin Engineering University, China
Ahmed Chemori, University of Montpellier, France
Tao Wang, Zhejiang University, China
Zhenju Chuang, Dalian Maritime University, China
Peng Zhang, Dalian Maritime University, China
